Guidant/Taylor Ball Construction Services  
6000 Westown Parkway  
Suite 210W  
West Des Moines, IA 50266

Dear David,

The First Baptist Church of Wildwood deeply appreciates your service in the restoration of our Sanctuary following the fire in February.

You worked so hard to keep the restoration on schedule. You worked with our Building Committee and the architect in helping us with decisions that were necessary as the construction progressed. Your experienced helped us by suggesting options and providing samples of colors and materials for us to use as we made decisions. Your suggestions for changes that might improve our building were excellent and helpful to us.

Your ability to coordinate and schedule the work was impressive. The response from the sub-contracts indicated their appreciation for the planning which allowed their work to be done with minimum interruption.

You have served First Baptist Church well and in so doing, have served your company well. We commend you for your excellent service.

Sincerely,

Richard A. Gaskins  
Chairman, Building Commi
