Dear Eric,

Plymouth Park Church of Christ deeply appreciates the hard work and professional manner in which GuideOne – Taylor Ball assisted us when fire destroyed our sanctuary July 31, 2000. As the church struggled in the planning and rebuilding process, your devotion and long hours displayed a commitment to our project far and above what was necessary.

From the morning of the fire, GuideOne – Taylor Ball was there responding to our ideas, providing opinions and working to make the most of our efforts and commitment to the Lord. Using the example of the man with five talents, the church made a decision to apply the insurance settlement as the initial funding of a master planned facilities update. GuideOne – Taylor Ball assisted us in the selection of an architect, master planning, design development, budget pricing, final design and pricing, and through completion of our new Fellowship Hall.

As with any human endeavor, issues always arise. GuideOne – Taylor Ball worked to resolve these issues in not only a professional manner but from a Christian perspective.

Mr. Mike McElreath and you displayed a keen knowledge of the construction industry and a Christian concern for Plymouth Park Church of Christ. We commend your excellent effort and recommend GuideOne – Taylor Ball to a church considering a new construction project.

Sincerely,

Tom Caperton
Elder
